Silver Violet Flame

The silver violet flame can be invoked by simply stating:

'I now invoke the silver violet flame to release the negative energy associated with (your perceived problem)."

It effectively cancels with anger, fear, and thanks to the universe, reverses the effect of karma.
What is the Silver Violet Flame?

The Silver Violet Flame is a high frequency spiritual energy which has been known to spiritual adepts for thousands of years. It was reintroduced by the Ascended Master, Saint Germain, and is the seventh ray of God's Universe's consciousness. The Silver Violet Flame is the vehicle of the call of community or spiritual service to mankind, and it also provides the wisdom needed to overcome selfishness in our lives.

It can be invoked by reciting special kinds of prayers known as decrees or mantras, and when combined with meditation and visualization, the violet flame has the power to change or transmute the negative energy manifesting at physical, mental, emotional and spiritual levels. This negative energy may take the form of illnesses, stress, anxiety, fear, doubt, hate, anger or unwanted habits, all of which prevent us from experiencing the beauty and joy of our higher spiritual nature.

The Silver Violet Flame possesses the qualities of freedom, alchemy, justice, joy, forgiveness, and mercy. When decrees are recited with devotion, the Silver Violet Flame permeates every cell and atom of our body, mind, emotions, and even our subconscious mind. It actually steps up the vibration of the electrons, so we resonate more with the pure cosmic energy that comes from our God Presence. As a result, the Silver Violet Flame transmutes anything negative that is lodged within our spiritual or physical being into something from self-hate to physical viruses.

As well as expelling toxins and clearing physical organs, the Silver Violet Flame can also transmute the karmas and traumas of our present and past lives, which are recorded in our etheric, mental, emotional, and physical bodies. Sometimes our personal karma feels like a heavy weight, but by invoking the Silver Violet Flame we will feel lighter and less burdened since it literally consumes the case of our personal...
problems. In other words, the Silver Violet Flame clears the records of past lifetimes, thereby raising our self-esteem and helping us to be happy with ourselves.

In receiving the Silver Violet Flame attunement and using it in conjunction with the regular process of decrees, visualization, and meditation, you will speed up the transmutation process.
Attunement Preparations

The Silver Violet Flame attunement is a pleasure to both give and receive. Everyone will have their own personal experience of the attunement, along with some form of internal transformation. Afterward, you will be more compassionate to others and will also become more attuned to others rather than yourself. As your intuition grows, you may suddenly become aware of angels, spirit guides, etc., or if you already work with guides, your spiritual connection with them will become stronger.

Each of us has our own way of preparing to receive attunements, as long as we feel comfortable with it. Some may wish to bathe or shower, light some candles or incense, play relaxing meditation style music in the background, pray, meditate, chant, etc. This is a personal process and it is not necessary for me to know what you do. I only need you in a place with the intent to receive this attunement and the energy will work itself out.

When your preparations are complete, say aloud or silently to yourself the following:

"I am prepared to receive the Silver Violet Flame being sent to me by Stephen Lovering (or teacher’s name if not sent by me!)

Then sit, relax, and rest for about 15 minutes, or until you are signaled to quit.

Afterward, you can contact me via email if you wish to share the experience or if you have any questions.
Using the Silver Violet Flame Energies

Silver Violet Flame energies are highly transformational and can be used on both yourself and others. You can call upon the angels, guides of the Silver Violet Flame, and also on St. Germain before going to sleep at night, asking them to work on whatever issue requires healing. By the morning the issue is typically released, although for deeper problems you can repeat the procedure for up to 30 consecutive nights for a complete release. This can help break through barriers, overcome addictions, or deal with deep fears.

Painful memories can be healed using the Silver Violet Flame, and it can even help resolve difficulties in relationships. People who have directed the Silver Violet Flame into relationship problems report sensing a tremendous burden being lifted and feeling free to move on with their lives again.

The Silver Violet Flame can also be used to cleanse and purify the aura and major chakras by invoking it on a daily basis.

When using the Silver Violet Flame to heal others, you should call upon the angels of the Silver Violet Flame and St. Germain and visualize yourself in a violet flame with the angels. Set the angels and the Silver Violet Flame on the issue or illness. This visualization can be modified to meet your personal needs and can be done both in person and distantly.

The following is a channelled message from St. Germain by Hari Das Melchizedek, founder of Shamballa Multidimensional Healing.
Silver Violet Flame

I AM Germain, Keeper of the Violet Flame, the Violet Flame with the added dimension of the Silver Violet Flame. Because, as times change and the vibrations go faster, the vibrations accelerate, we have to add other colors to assist those that you already know.

Higher vibrations require different times, different treatments, different resources. So the Silver Violet Flame, there are many things you can do with it. One thing you can do is to consign all your negative feelings to it. When you find your thoughts moving in directions you don't want them to move in, thoughts that are interrupting the flow of Christ Energy into your physical body, when you work out what these interruptions are and as time goes on, it becomes much easier for one to do this, just consign them into the Silver Violet Flame.

There are also Mantras you can use. Of course, it only means that you have to add the Silver bit to the Violet Flame. Mantras then assist you in resisting negative forces. The most useful or easiest ones to use are:

...
I AM a Being of Silver Violet Fire. I AM the purity God desires. Now, I give this Mantra to use in your daily lives for several reasons. One is that this is a cleansing effect. You could say that the Silver Violet Flame Mantras are Spiritual antiseptics. You can flood your consciousness, your minds, your physical bodies with this spiritual antiseptic and ALL will be cleansed. But, if you chant this Mantra in the mornings when in your bath or on the loo, you will find that it brings the Silver Violet Colour, the Silver Violet Energy into your space, into your living room and of course, this heightens the vibration. We're not suggesting you take up this system of chanting on beads or an exact number of these Mantras every day and taking it up as a discipline in that way.

Although if you are going to take up this system of chanting daily, you will find that every thing starts to become Silver Violet. The vibration gets into the walls of your house, into your cars, into your jewellery, into your energy system, both physical and spiritual. You will actually start shining Silver Violet!

So we could chant a few repetitions and see the vibrations:

I AM a Being of Silver Violet Fire, I AM the Purity God desires.
I AM a Being of Silver Violet Fire, I AM the Purity God desires.
I AM a Being of Silver Violet Fire, I AM the Purity God desires.

This is very good because many are putting the emphasis on 'I AM', because the important part of this Mantra is 'I AM'. The important part of the Ascension process is realising that you ARE the AM Presence.

So use this Mantra in your daily lives. It need not take up much time. No need to put hours into it. Use it as a matter of course. Allow it to flow into your consciousness. Allow your voice to speak it. It is better spoken out loud and with intent than to yourself, although it has an effect on your physical body, your four body system and what can be termed your Spiritual Body. You are having an effect on everything that surrounds you. So when you think about how much Service you can do for creation just by chanting your Mantras out loud (because the business of the mantra is the vibration of the Mantra), so you will be affecting everything around you. So when you get into these situations, as well as using the Protection of the Pillar of Light of Archangel Michael, use these Silver Violet Mantras. They will help to bring in high vibration Energies into your space.
Any question? A deep heartfelt thank you all from... There is no need to thank us, that's our job. We accept your thanks with love, but all the time, there is no need to thank us because we give you service from the heart with unconditional love. The Silver Violet Flame is giving you the service of love. I do take your acknowledgement and accept your love, thank you.

So again, I say to you that you can chant this Mantra out loud, but you can meditate with this Mantra which will trigger your meditation. Then meditate on this Silver Violet Flame.

I have now with me some helpers to help put the vibrations and energy of this Silver Violet Flame into your working space. You have chanted a couple of rounds of this Mantra, and you if not all of you, are seeing this Silver Violet energy that is building up within the space. We are putting it into this small Stargate and spreading it into the room. So, just take some time to think about this Mantra. Ground it within your bodies and conscious and bathe yourselves with the lovely vibrations of it. You must all now be feeling in your physical bodies this raising of vibrations. This is a reasonably energetic day on many levels so, of course, on the second day, many are feeling the results of that. Many feeling somewhat disorientated, feeling somewhat tired, but you see, there is a heightening...
of Vibrations here. So, use this in your daily lives to transmute situations that are undesirable for you. Leave this Violet Flame behind you wherever you go. You can bring down the Fire and install it in many places. Install it in the streets of your town, on the roads of your Island in the energy points of your Island. It will be there for the transmutation of all, not only of the humans but the animals, the birds. Work with these instructions. We Love you.

How to Give the Attunement

You may wish to ground yourself of excess energies before commencing the attunement process. Make sure you will not be interrupted, and if you are a Reiki practitioner or a spiritual healer, feel free to use whatever preparation methods you feel most comfortable with.

Once you are ready, focus on the person to be attuned by thinking or looking at their name. Request the assistance of your guides, the angels of the Silver Violet Flame, the attunee's guides, and St. Germain. They are the ones that actually make this attunement. You are only the antennae sending the signal to a particular person. Then visualize the flame around your inside, outside, and around you.

Say the following either aloud or silently:

“I call upon the keepers of the Silver Violet Flame. I ask that St. Germain assist me here now in attuning (person's name, address) to the Silver Violet Flame.”

See the flame surround the person, entering their heart and chakras. Allow it to flow through them for a few moments. Then say:

“(Person's name), you have been attuned to the Silver Violet Flame, the fire of unconditional love and spiritual service. Go in peace and attune others to their spiritual flame.”

You may wish to elaborate, but it is unnecessary. The attunement is complete.
